## CAREER OBJECTIVE

As a BCA student with a strong interest in software engineering, my career objective is to secure a position in the field of software development where I can leverage my technical skills and knowledge to contribute to the development of innovative software solutions. I am eager to work with a dynamic team and gain practical experience in designing, developing, testing, and maintaining software systems that meet the needs of clients and end-users. Through hard work, dedication, and continuous learning, I hope to progress in my career as a software engineer and become a valuable asset to any organization I work for.
